VISITOR HEALTH AND HYGIENE POLICIES

Welcome to our farm!

Food safety is a priority. If you are in food production or handling areas, please review and follow the policies below.

1. If you are ill, please come back another day to visit us. If you have diarrhea, jaundice, fever, sore throat, or are vomiting, you will not be allowed to enter the farm or packinghouse.

2. Please remove all jewelry and place in pocket. If this is not possible, let your host know so an alternative safe storage spot can be provided. It is OK to wear a plain ring that does not contain a stone or jewel.

3. Please wash your hands at the beginning of your visit as well as after using the restroom, eating, or touching animals.

4. Eating is permitted only in designated areas. If you have any questions about the location of these areas, please ask your host.

5. Smoking is not allowed on our farm.

6. If required, please wear all protective gear provided for you.

7. If you are injured, tell your host immediately. Please let your host know if blood or bodily fluid has come in contact with any surfaces or fresh produce so we can clean the area properly and dispose of contaminated produce.

8. You may not bring pets on the farm, unless it is a service animal. To reduce risks, service animals may be limited in areas where fruit and vegetable production, handling or packing occurs.
